MAIN OBJECTIVE

The main goal is to make travel easier and more convenient for tourists by improving roads, services, and overall experience. This will attract more visitors, who will spend more on hotels, attractions, and local shops. As a result, the economy will grow through more income, new jobs, and increased global attention as a great place to visit.

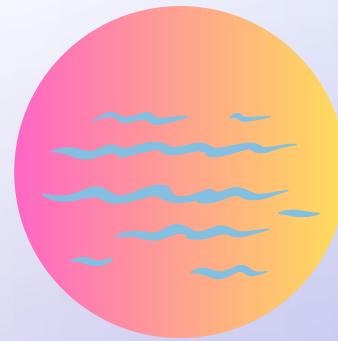

Three SEA

REASONS BEHIND

We noticed that many travelers want to rent a bicycle but often don't know where to go. Our website offers a convenient and user-friendly bike rental service, helping visitors easily find the right bike. At the same time, we promote local culture and highlight unique attractions, making every journey more meaningful and enriching.

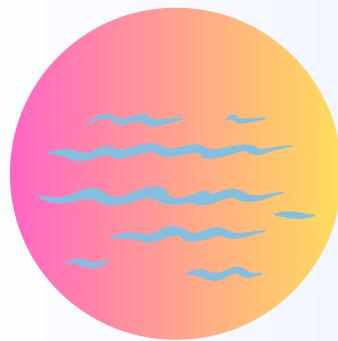

Three SEA

TARGET AUDIENCE:

FOREIGN TOURISTS

Explore the City by Bike
Easily rent a bike and discover the city like a local. Our platform helps international travelers find trusted bike rentals while exploring local culture, hidden gems, and unique experiences—one ride at a time.

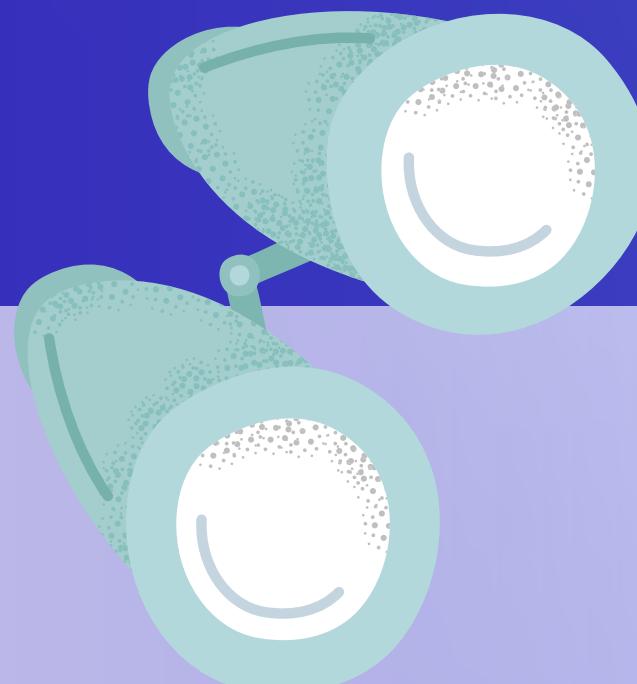

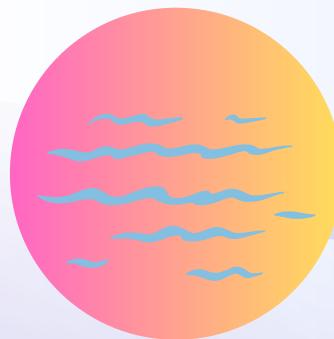

Three SEA

WHAT NEEDS DOES IT FULFILL?

**Whether you're here for a day or a week,
renting a bike is the best way to truly
experience the city. Simple, local, and
unforgettable — your adventure starts with
just one ride.**

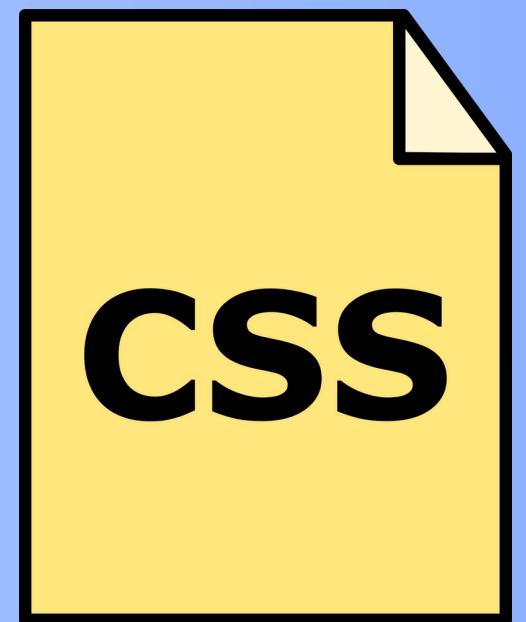

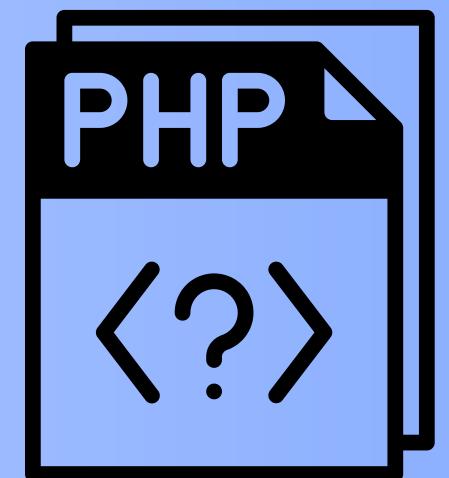

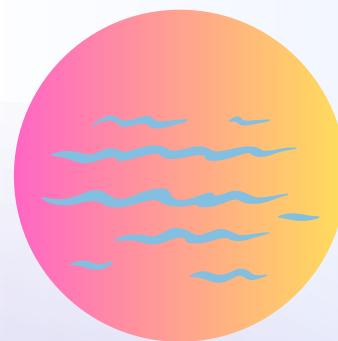

Three SEA

KEY FEATURES

Our platform offers a user-friendly interface that makes it easy for international travelers to find and rent bikes in just a few clicks. With a wide variety of bike options—from city bikes to e-bikes—we cater to every type of rider and travel plan. By partnering with local shops and highlighting culturally rich routes, we provide an authentic experience that reflects the unique character of each destination.

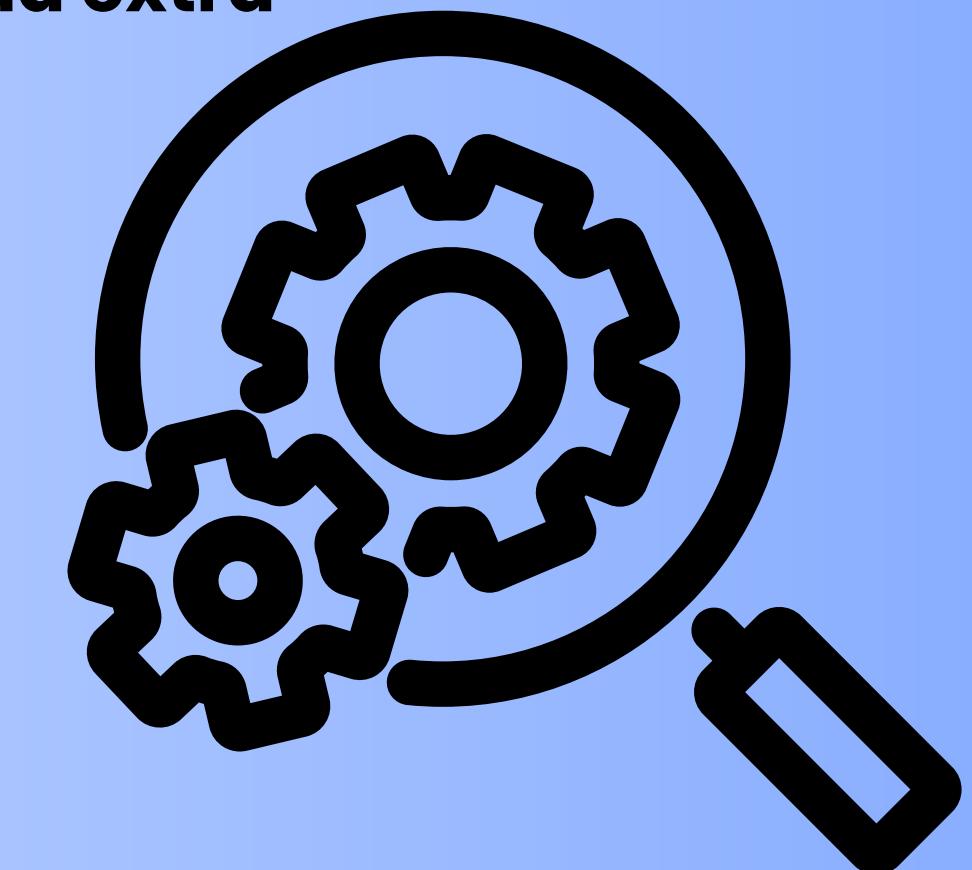

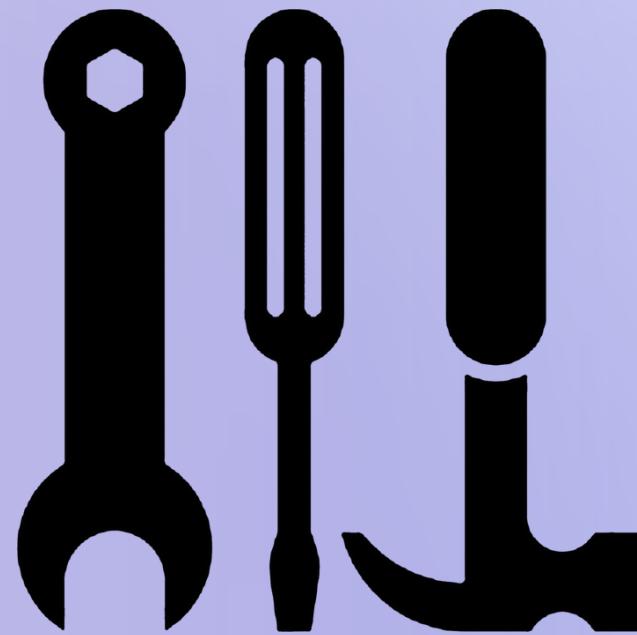

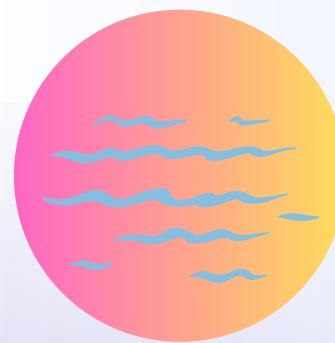

Three SEA

ENHANCEMENT

To improve the site, we can add multi-language support, real-time chat, and interactive maps with bike routes. Featuring user reviews and local stories will make the experience more engaging. A simple member system and eco-friendly messaging can build loyalty, while tour packages add extra value for travelers
